HONOREES LAURIE AND ALFREDO GUTIERREZ

It is a rare combination to find, a "big picture" visionary that commands attention to the details. Meet Laurie Gutierrez! With extraordinary tenacity and passion, Laurie has been instrumental in almost every aspect of The Women's Home over the past eleven years. From her expertise on the finance committee to her organization of countless special events and auctions, including the 2006 Style Show, Laurie has demonstrated her broad range of skills. Her leadership as President of The Board of Directors was the instrumental foundation for the exciting Jane Cizik Garden Place, our new affordable housing project now being built in Spring Branch. Laurie's belief in The Home and its good works, never falter and are a source of inspiration, humor and the "can do" attitude she shares with us all. Joining with her at every turn, is her beloved Alfredo. Always good natured, he pitches in behind the scenes in all of Laurie's efforts and supports The Women's Home with his business and community connections. It is indeed our privilege to honor this devoted couple for their contribution to the hundreds of women served at The Women's Home.
